Enrichment of GO Terms in aa C9WT

- 7 — regulation of membrane potential
- 5 — neuromuscular process
- 5 — positive regulation of neuron projection development
- 11 — regulation of cation transmembrane transport
- 7 — neuromuscular process
- 8 — regulation of transmembrane transporter activity
- 9 — regulation of cation transmembrane transport
- 8 — regulation of ion transmembrane transporter activity
- 7 — regulation of cation channel activity
- 4 — regulation of synaptic transmission, glutamatergic
- 4 — regulation of postsynaptic membrane potential
- 4 — synaptic transmission, glutamatergic
- 8 — synapse organization
- 6 — postsynapse organization
- 5 — regulation of postsynapse organization

$-\log_{10} p_{adj}$
